

Invitation to join

THE GRAND TOUR OF THE INTERNATIONAL SCHOOLS OF AARHUS

Wednesday 8 February 2012 by bus from AU at 3.30pm to 8pm, approx.

Aarhus has an international education to offer children from kindergarten to high school, teaching in English from the very beginning. After high school, AU is then open for all students to apply to.

We know that as parents you have the greatest concern to ensure professional teaching and a friendly and stimulating environment for your children. Therefore, we at the UIC have arranged a Grand Tour of the International Schools of Aarhus to provide information to all parents on all the international teaching available in greater Aarhus.

Parents are invited to sign up for the tour free of charge. The bus tour will be as follows:

- the English Kindergarten at **AAGE (Aarhus Academy of Global Education)** in Højbjerg
- **ISAa, the International School of Aarhus** in Viby J
- **Langkjaer Gymnasium** in Tilst.

Each school has invited parents to see its facilities and have an introduction to the school's educational programme(s) and at Langkjaer Gymnasium there will be served a light meal, e.g. a sandwich, before our return to AU.

All parents at AU and everyone associated with the International Community can sign up from 4 January on the webshop, which will be announced at our website www.au.dk/uic after the new year.

Please do not hesitate to contact us if you need any more information
