

Instructions for accessing internet via wireless network.

1. Open your wireless connection at your pc.
2. Choose "alpin34turbo47japan"
3. Activate this connection (all other connections must be closed).
4. On your browser type:
`http://signon.stofanet.dk/?url=aHR0cDovL3d3dy5yaW5nbWFjaGVyLW1hbmFnZW1lbnQuZGsv`

Some might experience, that the system requires a long Wireless Key code before shown box appears). In that case you'll need to type:

606d3194272ddbc21c50b0f8d9

(all letters to small – the '0' = zero).

This box will appear

Velkommen til StofaNet...

Herfra kan du logge af og på StofaNet ved at udfylde nedenstående felter med dine signon-oplysninger.
Hvis du ønsker at ændre din FlexRate® beløbsgrænse, skal du benytte [Mine Sider](#).

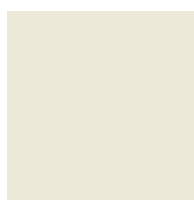

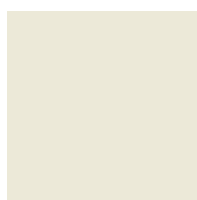

[Vi anbefaler at du fremover benytter signon.stofanet.dk som din browsers startside - klik her!](#)

Log på / af StofaNet

Signon ID:

Adgangskode:

Gem Signon ID og adgangskode? ☐

5. In "Signon ID" type: 2015253s001
6. In "Adgangskode" type: nevada (all small letters)
7. Click on "Log på" – wait 15 seconds and you're on.
8. Go to your normal e-mail account (if you don't have one, you can set one up free i.e. on hotmail.com)

When finished, return to the start page and click on "Log af" (sign off).
Deactivate your wireless connection.

DON'T change the password ("adgangskode") without agreement with the owner.
