AU Summer University is a great opportunity to concentrate on a specialty topic with people who share similar interests. Participants come from a variety of programmes and from across the globe, offering a most rewarding experience. For students the programme encompasses a combination of interesting topics grounded in state-of-the-art knowledge, a global setting, and a fun and efficient format.

Louis Rinfret, lecturer

I enjoyed the social programme at AU very much. Unlike at other universities, the focus was not just on having parties or drinking all the time, but a good variety of events was offered. It was a balanced mix of information about Denmark and Danish culture, get-togethers, and sports.

Kiana, Austrian student

AU SUMMER UNIVERSITY

Aarhus University launched its extended summer programme – AU Summer University – in 2011. AU Summer University offers a portfolio of courses taught at Bachelor’s, Master’s and PhD level. All courses are taught in English and class sizes range between 20 and 50 students.

AU Summer University welcomes international as well as Danish students. In 2013, more than 1,300 Danish and international students decided to spend part of their summer taking specialised, intensive courses in Aarhus together with students from more than 60 nationalities.

AU Summer University courses are taught by Danish lecturers and visiting international guest-lecturers from all over the world. Teaching at AU Summer University is grounded in current research, which makes for quality and depth.

IN 2013 90% OF THE EVALUATED STUDENTS SAID THEY WOULD RECOMMEND THE PROGRAMME.

We look forward to welcoming international as well as Danish students here in Aarhus at AU Summer University 2014.

AU SUMMER UNIVERSITY

Aarhus University is among the world’s top 100 universities. Founded in 1928, it has a long tradition of offering broad and internationally recognised research and education.

The study environment of the university is a centre around an attractive campus in the heart of Aarhus, where the university plays a significant role at the hub of the city. The combination of top-quality facilities and lively social and academic activities on campus makes Aarhus University a unique study environment.

AARHUS UNIVERSITY

Aarhus University has 319,000 inhabitants. 15 % ARE STUDENTS.

AARHUS HAS 319,000 INHABITANTS. 15 % ARE STUDENTS.

HOUSING

AU Summer University offers student accommodation in Aarhus, which can be leased on a monthly basis, by arrangement. The rooms and shared-facility houses are located in student residential areas, where you will live with Danish and international students. Internet access is included. Duvets, pillows and bed linen are not included.
